Product Brochure

Let's Get Together

When people connect, great things happen. Conversations start. Strangers become friends. Memories are made. Whether that's kids chatting over lunch or fans cheering on their team. Felton industries have been helping create spaces for people of all ages to better connect for 25+ years.

From intimate seats to full grandstands

Regardless of the size, location or purpose of your outdoor space, Felton has a product to match. There's our award-winning Caring for Country range – a collaboration with indigenous artist Brett Parker, Billyara – plus our popular Peak Recycled and Classic Timber ranges. Choose anything from simple park settings or sheltered seating to change room seating or the largest covered grandstand.

Tailored to suit your space

No two spaces are identical. Which is why Felton outdoor furniture is designed to be flexible. Choose your powder-coating colour. Choose from six end cap colours. Choose from four mounting options. Whatever you choose you can be certain it will work for your space and your audience.

High quality. Even higher safety.

The international standard for quality is ISO 9001:2015. Felton is proud our outdoor furniture is built to exceed this standard. So, you know it's safe even for tiny hands and feet. Plus, it's 100% designed and made in Australia – with workmanship and materials backed by a 7-year warranty

Here for our next generation

Aluminium is infinitely recyclable. It doesn't end up in landfill. Importantly, Felton aluminium is responsibly and sustainably sourced locally. Our powder-coating options are solvent-free. We're developing even more green options to help further cut carbon. Plus, we're working with our supply chains to help them be Net Zero by 2050.

Everyone can join in

With Felton, no one is left behind. Our wheelchair friendly designs are DDA approved and include customised height, length and seat arrangements. Plus, our seating can be strategically placed for maximum access and maximum interaction

A history built from this land

Felton's passion for Australia is not new. We grew up in rural Australia, sourcing local raw materials, from local mines and providing local jobs. Even now, our headquarters is in Condobolin in New South Wales and we're still 100% family owned and run

Attention to detail includes to you

When you partner with Felton, you'll get professional advice on how to make the most of your outdoor space. You'll have a dedicated Account Manager who will respond to every query within 4-hours. They're backed by customer service and production experts. Best of all, your order is usually delivered within 20-days

The Avoca Range

Australian Designed & Made

Designed and made in Australia to withstand the country’s harshest conditions, the Avoca Range delivers the perfect balance of durability and refined style. With a selection of DDA-compliant designs included in the range, Avoca offers inclusive solutions to suit a wide variety of needs. Available in three carefully curated colour pairings, it’s the ideal choice for blending performance and elegance in any modern outdoor setting.

Procurement

Felton Industries is an accredited supplier for local government organisations and education departments and has serviced these sectors for over 20 years. Our experience and long term commitment to working with schools, councils and other local organisations ensures we deliver the right solutions to enable communities to get the best outdoor seating to suit their individual requirements.

Felton Industries supplies Australia wide, including Western Australia, Victoria, Northern Territory and Australian Capital Territory!

If you have any questions around procurement in your state, call our team on 1800 834 016

HERE'S WHAT CUSTOMERS SAY

"The shipping and delivery dates were flexible to when we needed the order onsite, and they were able to despatch early and quickly."

– RGB Builders

"Fantastic products, quick delivery, pretty easy to assemble, light and easy to move but extremely sturdy and a delight to sit upon."

– Judith Pedler

"The seats are very easy to put together and gives a 'shine' to previously tired looking areas. The parents were very impressed!"

– Branyan Road State School
