OUR STORY

Felton Industries is Australia's leading designer, manufacturer and supplier of quality outdoor furniture and have been supplying premium seating solutions for all educational, community, sporting and commercial environments across Australia for more than 20 years. We have the experience and commitment required to create products that deliver comfort and versatility while being able to withstand the harshest extremes of our climate. As an Australian-owned family business, we are committed to delivering the highest standards of customer service and quality workmanship.

OUR COMMITMENT TO QUALITY AND SAFETY

Felton Industries has achieved ISO 9001:2015, the international standard for quality assurance. Certification to this standard involves a rigorous independent assessment of products and processes to ensure that our business fully understands what our customers want and is committed to delivering those requirements efficiently. With quality and safety at the heart of Felton Industries brand, you can trust that all our products are long-lasting and designed to withstand Australia's tough climate. Our patented Safety End Caps and high quality products ensure outstanding safety for all areas.

INNOVATION

We thrive on a culture of continuous improvement and are committed to the ongoing evolution of existing designs and the development of new and exciting products. Innovation is fundamental and we are passionate about expanding our range of products to meet new and existing customer requirements. As our range grows, our commitment to premium quality Australian Made outdoor furniture remains constant. Customers can be assured they will continue to receive outstanding products, service and customer care, synonymous with Felton.

AUSTRALIAN MADE AND OWNED

Felton Industries are proud to be certified as genuinely Australian. That means our customers can be sure they're buying authentic, premium-quality products that originate from our clean, green environment and that are made to demanding Australian standards.

BUDDY BENCH SEATING

- ✓ Promoting friendship
- ✓ Make a special place for friendship
- ✓ No one should be lonely or left out at playtime

Buddy Bench

THE PLACE WHERE NEW FRIENDSHIPS BEGIN!

A wonderfully simple idea which addresses a common playground problem - No student should feel alone in the playground. When there's a Buddy Bench in the playground, children feeling isolated only need to sit there and other students will know they're in need of friendship.

It's a place in the playground where children who feel upset, lonely or need to talk about a concern can find someone to speak with. It's a designated area of the playground where anyone can go and sit and someone will join them.

It works best as part of an integrated system to encourage inclusion and friendship where it has proven to be highly effective.

CARING FOR COUNTRY RANGE

Felton's Caring for Country Range is a spectacular new outdoor furniture range that creates places to connect.

Featuring breathtaking art by award-winning Indigenous artist Brett Parker, Billyara, the Caring for Country range celebrates rich Indigenous history and culture. It provides schools, colleges, parks, resorts, restaurants, shopping centres, airports, community spaces and other venues with a wonderful resource to enjoy, learn and explore Indigenous art and culture.

More Products Coming Soon

The Caring for Country Range consists of a contemporary-style outdoor setting, bench seat, and bin enclosure with more products on the way. All are made from premium quality aluminium, with a beautiful woodgrain finish that provides an amazing medium to Brett's art.

"Caring for Country" was the theme chosen by Brett to represent through his art. This concept explores the sustainable land management practices that Aboriginal and Torres Strait Islander peoples undertake, and the key role these practices play in continuing their culture.

Scan a Unique QR Code to Watch the Story Behind the Art.

On each of the outdoor furniture items, is a unique QR code which when scanned allows anyone using the furniture to watch a video of Brett discussing how he created the artwork, the story and the meaning of each. The videos can be used by schools as a learning aid for Indigenous history and culture, and as an educational window to discuss rich Indigenous history, reconciliation, respect and recognition. For other venues it creates areas to celebrate, respect and connect with Indigenous culture and history by learning about the artwork in front of them.

The Artist

Brett Parker, Billyara

Brett is from the Wiradjuri tribe of Murrumbidgee River people. He is an award-winning artist with a strong passion for teaching Indigenous art, culture and history and has been working as an artist and educator in schools and organisations for over 30 years.

Brett first met Felton Industries around 18 months ago and was keen to be part of their exciting new project. He began working with Felton and creating his spectacular artworks. Showcasing incredible detail and beauty, Brett's artworks tell wonderful Indigenous stories that are the heart and soul of the Caring for Country Range.

Billyara.

Burbung Birrang is the name given to the stunning outdoor setting which means ceremonial journey. It features inspirational art across the table top that is sure to start a conversation.
