OUR STORY

Felton Industries is Australia's leading designer, manufacturer and supplier of quality outdoor furniture and have been supplying premium seating solutions for all educational, community, sporting and commercial environments across Australia for more than 20 years. We have the experience and commitment required to create products that deliver comfort and versatility while being able to withstand the harshest extremes of our climate. As an Australian-owned family business, we are committed to delivering the highest standards of customer service and quality workmanship.

OUR COMMITMENT TO QUALITY AND SAFETY

Felton Industries has achieved ISO 9001:2015, the international standard for quality assurance. Certification to this standard involves a rigorous independent assessment of products and processes to ensure that our business fully understands what our customers want and is committed to delivering those requirements efficiently. With quality and safety at the heart of Felton Industries brand, you can trust that all our products are long-lasting and designed to withstand Australia's tough climate.

EXCELLENCE IN DESIGN AND INNOVATION

We thrive on a culture of continuous improvement and are committed to the ongoing evolution of existing designs and the development of new and exciting products. Innovation is fundamental and we are passionate about expanding our range of products to meet new and existing customer requirements. Felton Industries recently won a 2023 Australian Good Design Award for Excellence in Design and Innovation for our Ribbon Range Featuring Caring for Country. Their outstanding contemporary design and unique innovation were key factors in being recognised for this prestigious award. Customers can be assured they will continue to receive outstanding products, service and customer care, synonymous with Felton.

AUSTRALIAN MADE AND OWNED

Felton Industries are proud to be certified as genuinely Australian. That means our customers can be sure they're buying authentic, premium-quality products that originate from our clean, green environment and that are made to demanding Australian standards.

BUDDY BENCH SEATING

- ✓ Promoting friendship
- ✓ Make a special place for friendship
- ✓ No one should be lonely or left out at playtime

Buddy Bench

THE PLACE WHERE NEW FRIENDSHIPS BEGIN!

A wonderfully simple idea which addresses a common playground problem - No student should feel alone in the playground. When there's a Buddy Bench in the playground, children feeling isolated only need to sit there and other students will know they're in need of friendship.

It's a place in the playground where children who feel upset, lonely or need to talk about a concern can find someone to speak with. It's a designated area of the playground where anyone can go and sit and someone will join them.

It works best as part of an integrated system to encourage inclusion and friendship where it has proven to be highly effective.

OFFICIAL PARTNER
SHELTERS & GRANDSTANDS

Felton Industries are proud to be the official Shelter and Grandstands partner and preferred supplier of Football Queensland.

Our Select Grandstand, featured above, is a popular choice with Clubs.

Case Study

Milmerran Aquatic Centre Project

At Felton Industries, we love a good competition – it keeps us sharp and helps us focus on doing our best. So, when respected builders, Taylor's Builders, decided to call for competitive bids to supply aluminium outdoor furniture for their Milmerran Aquatic Centre venue upgrade project, we were eager to take up the challenge.

The combination of affordability, durability and comfort for both their spectator and changeroom seating options won the day. Utilising Felton's 5 x 4m Select Grandstand packages for spectator seating, and our Above Ground Bench Seating for the newly established change rooms. The result contributed to a stunning silver aluminium finish which is waterproof and rust resistant, perfect for poolside areas!

Select Grandstand

CARING FOR COUNTRY RANGE

Felton's Caring for Country Range is a spectacular new outdoor furniture range that creates places to connect.

Featuring breathtaking art by award-winning Indigenous artist Brett Parker, Billyara, the Caring for Country range celebrates rich Indigenous history and culture. It provides schools, colleges, parks, resorts, restaurants, shopping centres, airports, community spaces and other venues with a wonderful resource to enjoy, learn and explore Indigenous art and culture.

Caring for Country Educational Resources for Schools

Created in Collaboration with Indigenous Art Brett Parker, Billyara

Felton's Caring for Country outdoor furniture range comes with an array of rich Education Resources designed especially for schools and colleges.

Educational resources can be accessed via the unique QR code on each piece of outdoor furniture. **Scanning the code** unlocks lesson plans, symbol guides, new videos from Brett Parker and other learning aids to explore Indigenous history and culture.

Discover the exciting and extensive range of educational resources available with Caring for Country outdoor furniture.

The Caring for Country Range consists of a contemporary-style outdoor setting, bench seat, and bin enclosure with more products on the way. All are made from premium quality aluminium, with a beautiful woodgrain finish that provides an amazing medium to Brett's art.

"Caring for Country" was the theme chosen by Brett to represent through his art. This concept explores the sustainable land management practices that Aboriginal and Torres Strait Islander peoples undertake, and the key role these practices play in continuing their culture.

Gain access to educational videos and resources

The Artist

Brett Parker, Billyara

Brett is from the Wiradjuri tribe of Murrumbidgee River people. He is an award-winning artist with a strong passion for teaching Indigenous art, culture and history and has been working as an artist and educator in schools and organisations for over 35 years. He has worked with Modern Teaching Aids for the past 10 years and the educational resources he designs can be found in almost every school and day care across Australia and New Zealand.

Brett first met Felton Industries around 30 months ago and was keen to be part of their exciting new project. He began working with Felton and creating his spectacular artworks. Showcasing incredible detail and beauty, Brett's artworks tell wonderful Indigenous stories that are the heart and soul of the Caring for Country Range.

Billyara.
