Key Features

The recycled Peak Hexagon Tree Seat is a stylish and sustainable choice for outdoor spaces. Made from 85% recycled plastic materials, it wraps around your tree to provide comfortable, eco-friendly seating. Its unique design and durability make it a practical addition to any garden or park.

- Patented Composite Recycled Plastic
- Manufactured in Australia for Australian conditions
- 40+ Year lifespan
- Splinter free
- Non Toxic
- Maintenance Free
- UV resistant, does not fade or crack
- Tolerant of extreme climates, particularly wet or saline conditions
- Galvanised steel fixings for strength and durability
- Available in above ground and in ground mounting options
- 10 year warranty

Recyclable

Felton's patented composite recycled plastic is manufactured in Australia from recovered agricultural plastic films and other recycled plastics combined with organic fibre. Felton gives plastics a second life so that waste no longer means landfill. By purchasing the Felton range you are truly recycling.

If there is anything more you need to know about any item in Felton's range of composite recycled plastic products, please call our knowledgeable staff on 1800 83 40 16 or sales@felton.net.au.
