# OUR STORY

Turning empty  
spaces into  
meeting places

## FROM INTIMATE SEATS TO FULL GRANDSTANDS

Regardless of the size, location or purpose of your outdoor space, Felton has a product to match. There's our award-winning Caring for Country range – a collaboration with indigenous artist Brett Parker, Billyara – plus our popular Peak Recycled and Classic Timber ranges. Choose anything from simple park settings or sheltered seating to change room seating or the largest covered grandstand.

## TAILORED TO SUIT YOUR SPACE

No two spaces are identical. Which is why Felton outdoor furniture is designed to be flexible. Choose your powder-coating colour. Choose from six end cap colours. Choose from four mounting options. Whatever you choose you can be certain it will work for your space and your audience.

## HIGH QUALITY. EVEN HIGHER SAFETY.

The international standard for quality is ISO 9001:2015. Felton is proud our outdoor furniture is built to exceed this standard. So, you know it's safe even for tiny hands and feet. Plus, it's 100% designed and made in Australia – with workmanship and materials backed by a 7-year warranty.

## HERE FOR OUR NEXT GENERATION

Aluminium is infinitely recyclable. It doesn't end up in landfill. Importantly, Felton aluminium is responsibly and sustainably sourced locally. Our powder-coating options are solvent-free. We're developing even more green options to help further cut carbon. Plus, we're working with our supply chains to help them be Net Zero by 2050.

## EVERYONE CAN JOIN IN

With Felton, no one is left behind. Our wheelchair friendly designs are DDA approved and include customised height, length and seat arrangements.

Plus, our seating can be strategically placed for maximum access and maximum interaction.

## A HISTORY BUILT FROM THIS LAND

Felton's passion for Australia is not new. We grew up in rural Australia, sourcing local raw materials, from local mines and providing local jobs. Even now, our headquarters is in Condobolin in New South Wales and we're still 100% family owned and run.

## ATTENTION TO DETAIL INCLUDES TO YOU

When you partner with Felton, you'll get professional advice on how to make the most of your outdoor space. You'll have a dedicated Account Manager who will respond to every query within 4-hours. They're backed by customer service and production experts. Best of all, your order is usually delivered within 20-days.

# CARING FOR COUNTRY RANGE

Gain access to educational videos and resources

## The Artist Brett Parker, Billyara

Brett is from the Wiradjuri tribe of Murrumbidgee River people. He is an award-winning artist with a strong passion for teaching Indigenous art, culture and history and has been working as an artist and educator in schools and organisations for over 35 years. He has worked with Modern Teaching Aids for the past 10 years and the educational resources he designs can be found in almost every school and day care across Australia and New Zealand.

# CARING FOR COUNTRY RANGE

Felton's Caring for Country Range is a spectacular new outdoor furniture range that creates places to connect.

Featuring breathtaking art by award-winning Indigenous artist Brett Parker, Billyara, the Caring for Country range celebrates rich Indigenous history and culture. It provides schools, colleges, parks, resorts, restaurants, shopping centres, airports, community spaces and other venues with a wonderful resource to enjoy, learn and explore Indigenous art and culture.

The Caring for Country Range consists of a contemporary-style outdoor setting, bench seat, and bin enclosure with more products on the way. All are made from premium quality aluminium, with a beautiful woodgrain finish that provides an amazing medium to Brett's art.

"Caring for Country" was the theme chosen by Brett to represent through his art. This concept explores the sustainable land management practices that Aboriginal and Torres Strait Islander peoples undertake, and the key role these practices play in continuing their culture.

## CARING FOR COUNTRY EDUCATIONAL

### Resources for Schools

Created in Collaboration with Indigenous Artist Brett Parker, Billyara

Felton's Caring for Country outdoor furniture range comes with an array of rich Education Resources designed especially for schools and colleges.

Educational resources can be accessed via the unique QR code on each piece of outdoor furniture. **Scanning the code** unlocks lesson plans, symbol guides, new videos from Brett Parker and other learning aids to explore Indigenous history and culture.

Discover the exciting and extensive range of educational resources available with Caring for Country outdoor furniture.

### The place where new friendships begin!

A wonderfully simple idea which addresses a common playground problem - No student should feel alone in the playground. When there's a Buddy Bench in the playground, children feeling isolated only need to sit there and other students will know they're in need of friendship.

It's a place in the playground where children who feel upset, lonely or need to talk about a concern can find someone to speak with. It's a designated area of the playground where anyone can go and sit and someone will join them.

It works best as part of an integrated system to encourage inclusion and friendship where it has proven to be highly effective.

If you have any questions around procurement in your state, call our team on 1800 834 016

#### HERE'S WHAT CUSTOMERS SAY

*"Fantastic products, quick delivery, pretty easy to assemble, light and easy to move but extremely sturdy and a delight to sit upon."*

**- Judith Pedler**

*"The shipping and delivery dates were flexible to when we needed the order onsite, and they were able to despatch early and quickly."*

**- RGB Builders**
